

International Conference  
on Crystal Growth and Epitaxy  
30 July - 4 August 2023, Naples (Italy)

Dear Sir/Madame,

We are pleased to announce that next year, 2023, from July 30<sup>th</sup> until August 4<sup>th</sup>, the twentieth “*International Conference on Crystal Growth and Epitaxy (ICCGE-20)*” will take place in Naples, Italy ([www.iccge20.org](http://www.iccge20.org)).

Like its predecessors, this conference will be the latest in a sequence that started with ICCG-1 in Boston, USA in 1966, which marked the formation of the crystal growth community as an independent discipline rather than subsidiary to several other fields.

This prestigious event, which involves around 1000 scientists from all over the world, is the main event organized by the International Organization for Crystal Growth and takes place every three years on different continents. Every conference edition attracts a vibrant and broad audience and brings together physicists, chemists and engineers, coming from both industry and academia, involved in research concerning the growth of crystals, an increasingly topical topic for the understanding and preparation of new materials with innovative properties.

In addition to the traditional focus, the conference will provide sessions and discussion regarding recent research and development activities in all aspects of crystal growth, epitaxy, characterization and applications.

In appendix, we are including the Conference list of Committees, Organizers, Speakers and topics.

Given the focus of the Conference, we sincerely hope you will consider supporting the conference as sponsor. At this purpose, we are attaching the Sponsor form with some sponsorship opportunities.

Should you be interested to ICCGE-20 or require any further information, please do not hesitate to contact the Organizing Secretariat, [info@iccge20.org](mailto:info@iccge20.org)

Thank you for your attention and looking forward to your kind reply.

With best regards,

**ICCGE-20 Conference Chairs:**

Antonio Vecchione, SPIN-CNR, Salerno, Italy

Andrea Zappettini, IMEM-CNR, Parma, Italy

#### LOCAL ORGANIZING COMMITTEE

- Salvatore Amoruso, University of Naples Federico II, Naples, Italy
- Raja Arumugam, SPIN-CNR, Salerno, Italy
- Marco Cannavacciuolo, University of Salerno, Salerno, Italy
- Davide Celestani, IMEM-CNR, Parma, Italy
- Rosalba Fittipaldi, SPIN-CNR, Salerno, Italy
- Anita Guarino, SPIN-CNR, Salerno, Italy
- Annalisa Guerri, University of Florence, Florence, Italy
- Mariateresa Lettieri, SPIN-CNR, Salerno, Italy
- Antonella Secondulfo, IMEM-CNR, Parma, Italy

#### CONFERENCE ORGANIZERS

- Associazione Italiana di Cristallografia (AIC)
- Istituto Superconduttori, Materiali Innovativi e Dispositivi-Consiglio Nazionale delle Ricerche (SPIN-CNR), Salerno
- L'Istituto dei Materiali per l'Elettronica e il Magnetismo-Consiglio Nazionale delle Ricerche (IMEM-CNR), Parma
- International Organization for Crystal Growth (IOCG)

#### CONFIRMED PLENARY SPEAKERS

- Anna Fontcuberta I Morral, EPFL Lausanne (Switzerland)
- Chung-Wen Lan, National Taiwan University (Taiwan)
- Boaz Pokroy, Technion – Israel Institute of Technology (Israel)
- Peter Vekilov, University of Houston (USA)

#### TOPICS

- Fundamentals of Nucleation and Crystal Growth
- Surfaces and Interfaces
- Optical Crystals
- Functional Crystals
- Thin Films and Epitaxial Growth
- Bulk Crystal Growth
- Semiconductors
- Industrial Crystal Growth Technology and Equipment
- Structural Defects and Impurities in Crystalline Materials
- Growth at the Nanoscale: nanocrystals, nanowires, nanomaterials
- Crystallization of Organic and Biological Systems
- 2D Materials
- New Methods and Techniques for Crystal Growth
- Advances in Observation and Characterization Methods
- Crystalline solids for drugs and pharmaceuticals
- Modelling and artificial intelligence of Crystal Growth Processes
- Topological Quantum Materials
- Composite and Hybrid Crystals
- Crystals for Photovoltaics and Green Energy

## SPONSORSHIP OPPORTUNITIES

<i>Packages</i>	<i>Cost (VAT excluded)</i>
<p><input type="checkbox"/> <b>Gold</b></p> <p>a) Booth space (2mx2m) - one table + 2 chairs (set up not included)            b) Free registration to the conference for 2 persons            c) Acknowledgement on the program and website, including company logo and link to company's website</p>	€ 7,500
<p><input type="checkbox"/> <b>Silver</b></p> <p>a) Company logo on either (select)*:  <input type="checkbox"/> Conference bags  <input type="checkbox"/> Promo strings  <input type="checkbox"/> Notes and pens            b) Free registration to the conference for 1 person            c) Bag insert            d) Acknowledgement on the program and website, including company logo and link to company's website</p>	€ 5,500
<p><input type="checkbox"/> <b>Bronze</b></p> <p>a) Bag insert            b) Free registration to the conference for 1 person            c) Acknowledgement on the program and website, including company logo and link to company's website</p>	€ 4,000
<p><input type="checkbox"/> <b>Friend</b></p> <p>a) Acknowledgement on the program and website, including company logo and link to company's website</p>	€ 2,000
<p><input type="checkbox"/> <b>Conference App</b></p> <p>The conference app will provide easy access to the conference program, abstracts, venue maps, alerts and reminders and interactive information.</p> <p>a) Logo on the main menu screen            b) Mention in all communications regarding the App            c) Acknowledgement on the program and website, including company logo and link to company's website</p>	<p>Exclusive sponsor: € 7,000            Multi-sponsor: € 2,500            (option to be confirmed based on requests received)</p>

**Please contact the Organizing Secretariat for customized sponsorship opportunities**

\*Material to be provided by the Sponsor (if not provided by the Company, the cost of the material and the printing must be added to the price indicated). The confirmation of the material to be supplied will be based on the requests according to a "first-come-first served" criterion.

International Conference  
on Crystal Growth and Epitaxy  
30 July - 4 August 2023, Naples (Italy)
